(Incorporated in Bermuda with limited liability) (Malaysia Company No. 995098-A) Interim financial report for the second quarter ended 30 September 2008

A. Notes to the unaudited interim financial report

A1. Basis of preparation and changes in accounting policies

a) Basis of preparation

This unaudited condensed consolidated interim financial report ("interim financial report") of Media Chinese International Limited (the "Company") for the second quarter ended 30 September 2008 has been prepared in accordance with International Accounting Standard ("IAS") 34 "Interim Financial Reporting" and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities").

This interim financial report should be read in conjunction with the audited consolidated annual financial statements of the Company and its subsidiaries (the "Group") for the year ended 31 March 2008 and the accompanying explanatory notes attached to this interim financial report.

b) Accounting policies

The preparation of this interim financial report in conformity with International Financial Reporting Standards ("IFRS") requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies.

The accounting policies adopted are consistent with those used in the audited consolidated annual financial statements of the Group for the year ended 31 March 2008 with the addition of the following amendments and interpretation to existing standard which are relevant to the Group's operations and are mandatory for the financial year ending 31 March 2009:

Amendments to IAS 39 and IFRS 7 IFRIC-Int 14

Reclassification of financial assets IAS 19 – The limit on a defined benefit asset, minimum funding requirements and their interaction

The adoption of the new IFRSs has no material effect on the financial position or performance of the Group.

The Group has not yet early adopted the following new and revised standards, amendments or interpretations that have been issued but are not yet effective for the financial year ending 31 March 2009. The Group is in the process of making an assessment of the impact of these new IFRSs in the period of the initial application.

A1. Basis of preparation and changes in accounting policies (Continued)

c) Basis of consolidation

Both the Company and Sin Chew Media Corporation Berhad ("Sin Chew") have been under the common control of the same controlling party before and after the merger, details of which were disclosed in the Company's announcement dated 1 April 2008. As such, the Group has applied the principles of merger accounting to account for the business combination with Sin Chew and its subsidiaries (the "Sin Chew Group") as if the combination had occurred from the date when the Company and Sin Chew first came under the common control of the controlling party.

As the Company and Nanyang Press Holdings Berhad ("Nanyang") were not under common control, the Group has applied the purchase method to account for the acquisition of equity interest in Nanyang as a wholly-owned subsidiary pursuant to the merger on the effective completion date, i.e. 31 March 2008.

Accordingly, the Group's unaudited condensed consolidated income statement for the current quarter ended and six months ended 30 September 2008 included the results of both Sin Chew and Nanyang whereas for the comparative quarter ended and six months ended 30 September 2007, only Sin Chew's results were included.

d) Functional currency and translation to presentation currency

Items included in the financial statements of each of the Group's entity are measured using the currency of the primary economic environment in which the entity operates, i.e. the functional currency. However, each entity can present its financial statements in any currency, which may be the same or different from the entity's functional currency. For the entity of which functional currency is not the presentation currency, i.e. US\$, it has translated its results and financial position into US\$. Assets and liabilities on the balance sheet have been translated at the closing rate at the balance sheet date, i.e. 30 September 2008, and income and expenses on the income statement have been translated at exchange rates at the dates of the transactions. All resulting exchange differences have been recognised as exchange adjustments in the exchange fluctuation reserve.

A2. Audit report of the Company's preceding annual financial statements

The Company's audited consolidated annual financial statements for the year ended 31 March 2008 were not subject to any audit qualification.

A3. Seasonal or cyclical factors

The business operations of the Group may be affected by major festive seasons or major events that may increase or decrease the advertising expenditure and the travel business.

A4. <u>Unusual items</u>

There were no unusual items during the quarter affecting assets, liabilities, equity, net income or cash flows.

A5. Changes in estimates

There were no material changes in estimates of amounts reported in prior financial years that have a material effect on the results of the current quarter under review.

A6. Changes in debt and equity securities

a) During the six months period ended 30 September 2008, the Company repurchased a total of 1,430,000 of its listed shares on the HK Stock Exchange for the purpose of enhancing the net asset value per share of the Company. Details of the repurchases are summarised as follows:

	Number of ordinary shares	Purchase p		Aggregate purchase	Equivalents
Month/Year	repurchased	Highest	Lowest	consideration	in
,	1	HK\$	HK\$	HK\$	US\$
April 2008	600,000	2.20	1.85	1,285,000	164,908

	=======================================			2,750, 050	=======================================

All the repurchased shares were cancelled during the period under review. Accordingly, the issued share capital of the Company was reduced by the par value of the repurchased shares and the premiums paid on these shares were charged against the share premium account. An amount equivalent to the par value of the shares cancelled was transferred from the Company's retained earnings to the capital redemption reserve.

Save as disclosed above, neither the Company nor any of its subsidiaries had purchased, sold or redeemed any of the Company's listed securities during the period.

b) Pursuant to a share option scheme approved at the Special General Meeting of the Company held on 21 August 2001 (the "Share Option Scheme") and for the primary purpose of providing incentive to full time employees, the directors of the Company may at their discretion invite full time employees including executive directors of the Company and its subsidiaries to take up options to subscribe for shares in the Company subject to the terms and conditions stipulated therein. 	2008	2007	2008	2007

Profit before		_		
income tax	10,023	9,159	23,166	18,010

For the quarter under review, the Group recorded a consolidated turnover of US\$110,652,000 and a consolidated profit before income tax of US\$10,023,000, which represented increases of 26.1% and 9.4% respectively when compared to those in the corresponding period in 2007.

The improvement was attributable to the strong growth in revenue from the Group's publishing business in Malaysia, which was partly offset by the decline in the Group's tour income. The improvement in profit was due to the growth in revenue as well as contributions from Nanyang.

The Group achieved a total revenue of US\$220,135,000 for the first half year ended 30 September 2008, an improvement of 28.7% from US\$171,014,000 recorded in the corresponding period last year. The higher revenue achieved was mainly contributed by the strong revenue growth of the Group's publishing business in Malaysia.

For the six months ended 30 September, the Group registered a higher profit before tax of US\$23,166,000 as compared to US\$18,010,000 achieved in the previous year's corresponding period. Much of this is attributable to revenue growth for the Group's publishing business in Malaysia, coupled with comprehensive and effective cost reduction measures that have been implemented in the Group's operations. In addition, the acquisition of Nanyang also contributed to improving the Group's performance as well as strengthening its financial position.

B2. Variation of results against immediate preceding quarter

	Three months ended	Three months ended
	30 September 2008	30 June 2008
	US\$'000	US\$'000
Turnover	110,652	109,483
Profit before income tax	10,023	13,143

Despite the higher revenue recorded in the current quarter as compared to the immediate preceding quarter, the Group's profit before tax was reduced by 23.7%.

The lower profit was mainly due to higher newsprint cost, higher operating expenses and write-off of an unquoted investment during the quarter.

B3. Current year's prospects

The Board anticipates that the operating environment for the remaining quarters will be very challenging due to weak consumer sentiment compounded by the uncertain global business environment. Adding to this, the newsprint prices uptrend is likely to continue due to the strengthening of US\$ against Ringgit Malaysia.

Nevertheless, the Board is taking all possible measures to mitigate the adverse effects of the slowing economy growth. To meet the challenges, the Group will continue to drive for efficiencies and contain operating costs.

B4. Profit forecast and profit guarantee

The Group has not provided any profit forecast or profit guarantee in any public document.

B5. Taxation

Taxation comprises the following:

	Three months ended		Six months ended			
	30 September		30 September		30 Se ₁	otember
	2008	2007	2008	2007		
	US\$'000	US\$'000	US\$'000	US\$'000

Deferred tax expense	808	683	1,652	1,426		
_	3,887	2,498	7,921	5,120		

The effective tax rate of the Group for the current quarter was higher than the applicable Malaysian statutory tax rate mainly due to the higher tax rates applicable to certain subsidiaries operating in foreign jurisdictions and losses incurred by some of the operating subsidiary companies.

B6. Quoted investments

- a) There were no purchases or disposals of quoted investments during the quarter under review.
- b) Details of investments in quoted and marketable securities held by the Group were as follows:

B8. Material litigation

There are several libel suits which involve claims against some companies in the Group. The Group has been strongly contesting those claims. Even though the final outcome of the proceedings is still uncertain as of the date of these financial statements, the Directors are of the opinion that the respective ultimate liability, if any, will not have a material adverse impact upon the Group's financial position.

B9. Status of corporate proposals

On 14 July 2008, Sin Chew entered into the Land Acquisition Agreement with Rimbunan Hijau Estate Sdn Bhd (the "Vendor") to acquire a piece of land known as PN 3694, Lot No. 50 Seksyen 13, Bandar Petaling Jaya, Daerah Petaling State of Selangor Darul Ehsan, Malaysia (the "Land") measuring approximately 16,271.53 square metres together with the buildings thereon for cash consideration of RM46,000,000 (equivalent to US\$13,381,818).

The Board believes that by combining the Land proposed to be acquired under the Land Acquisition Agreement with the land currently owned by Sin Chew, the value of both may be enhanced and the said land will be unlocked for re-development purposes in the future. Further, the Land is easily accessible and is centrally located in the prime area of Petaling Jaya in the state of Selangor, Malaysia, and as such functions as an effective distribution centre for the publications of Sin Chew.

Adding to this, Sin Chew has a tenancy agreement with the Vendor with a monthly rental of RM300,000 (equivalent to US\$87,273). After completion of the Land Acquisition, the Board believes that Sin Chew will have a saving in rental expenses of RM3,600,000 (equivalent to US\$1,047,273) per year.

Subsequently, on 4 August 2008, the Company announced that both the Vendor and Sin Chew mutually agreed to re-negotiate the terms of the Land Acquisition Agreement due to the change in commercial circumstances.

On 11 September 2008, the Company announced that on even date Sin Chew and the Vendor had entered into the Supplemental Land Acquisition Agreement which would supersede the Land Acquisition Agreement, pursuant to which Sin Chew conditionally agreed to acquire from the Vendor a portion of the Land together with buildings thereon (the "Sale Property") at a price of RM37,000,000 (equivalent to US\$10,763,636) and pay the additional building cost to the Vendor for the construction of a new office building estimated at RM5,000,000 (equivalent to US\$1,454,545) in cash.

Pursuant to an ordinary resolution passed at a special general meeting of the Company on 13 November 2008, subject to approvals of Malaysian Foreign Investment Committee and any other relevant authority, the proposed acquisition of the Sale Property and the reimbursement of the cost of constructing the new office building to the Vendor were approved and confirmed.

Save as aforesaid, there are no other corporate proposals announced but not completed as at the date of this announcement.
