A. NOTES TO THE FINANCIAL INFORMATION

A1. <u>Basis of preparation and changes in accounting policies</u>

a) Basis of preparation

This financial information for the quarter ended 30 June 2016 has been prepared in accordance with International Accounting Standard ("IAS") 34 "Interim Financial Reporting" issued by the International Accounting Standard Board and Paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities").

This financial information should be read in conjunction with the annual financial statements for the year ended 31 March 2016, which were prepared in accordance with International Financial Reporting Standards.

This financial information has not been audited.

b) Accounting policies

The accounting policies adopted for preparing this financial information are consistent with those set out in the consolidated financial statements of the Company for the year ended 31 March 2016 as included in the Company's annual report for the year ended 31 March 2016.

There are no amended standards or interpretations that are effective for the first time for this interim period that is expected to have a material impact on the Group.

Taxes on income in the three months ended 30 June 2016 are accrued using the tax rate that would be applicable to expected total annual earnings.

The Group has not early adopted other new or revised standards and amendments to standards that have been issued but are not yet effective for the accounting period beginning 1 April 2016. The Group is in the process of making an assessment of the impact of these new or revised standards and amendments to standards on the Group's results and financial position in the period of initial application.

c) Functional currency and translation to presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates, i.e. the functional currency. The functional currency of the Company is RM. However, each entity within the Group can present its financial statements in any currency, which can be the same or different from the entity's functional currency. As the Group operates internationally, management considers that it is more appropriate to use US\$, a globally recognised currency, as the presentation currency for the Group's consolidated financial statements. For the entity whose functional currency is not the presentation currency, i.e. US\$, its results and financial position have been translated into US\$.

B. ADDITIONAL INFORMATION REQUIRED BY BURSA SECURITIES' MAIN MARKET LISTING REQUIREMENTS

B1. <u>Analysis of performance</u>

	(Unaudited) Three months ended 30 June	
	2016 US\$'000	2015 US\$'000
Turnover	82,786	99,974
Profit before income tax	7,439	12,600
EBITDA	10,442	16,246

For the first quarter of the financial year 2016/2017, the Group registered a turnover of US\$82,786,000, 17.2% or US\$17,188,000 less than the US\$99,974,000 reported in the same quarter last year. The Group's publishing and printing segment and the tour segment reported declines in turnover of 15.3% and 22.5% respectively. If currency impact was excluded, the decrease in the Group's turnover would have been about 12.6%.

Profit before income tax amounted to US\$7,439,000 for the current quarter, reflecting a decrease of 41.0% from US\$12,600,000 in the prior year quarter. The decline in operating result was due primarily to lower revenue which was mitigated in part by falling newsprint costs as well as savings from rigid cost controls and improved operating efficiencies. The decline would be about 34.1% if currency impact was excluded.

EBITDA for the quarter was US\$10,442,000, representing a 35.7% or US\$5,804,000 decrease when compared with US\$16,246,000 in the year-ago quarter. The decline would be about 29% if currency impact was excluded.

For the three months ended 30 June 2016, turnover and profit before income tax from the Group's publishing and printing segment amounted to US\$62,149,000 and US\$7,480,000, representing decreases of 15.3% and 37.2% from the corresponding quarter of last year respectively. If currency impact was excluded, the respective decreases would be 9.2% and 30%.

The Group's publishing and printing operations in Malaysia were adversely impacted by persistent weak consumer and business sentiment, low oil prices and the depreciation of Malaysian Ringgit ("RM"). The operations reported a turnover of US\$44,126,000, 15.9% lower than the year-ago quarter, while segment profit before income tax decreased by 23.1% to US\$9,010,000. The declines would have been 7.9% and 15.7% respectively if currency impact was excluded.

The declining retail environment, in particular for luxury high-end products, continued to affect the performance of the Group's publishing and printing operations in Hong Kong, Taiwan and Mainland China. Adding to this, the segment's revenue was impacted by the decline in advertising expenditures on properties as the Hong Kong property market has become less active amid concerns about an uncertain economic outlook. Segment turnover dropped 13% year-on-year to US\$13,558,000 while segment loss amounted to US\$1,240,000 as against a profit before income tax of US\$313,000 reported in the earlier year quarter.

Due to the ongoing local economic slowdown as well as the impact of a weakening Canadian dollar ("CAD") against the US dollar, the Group's operations in North America reported a 15.3% decline in turnover, which amounted to US\$4,465,000 as against US\$5,273,000 in the corresponding quarter last year. The segment recorded a loss of US\$290,000 as against a loss of US\$128,000 reported in the prior year quarter.

B. ADDITIONAL INFORMATION REQUIRED BY BURSA SECURITIES' MAIN MARKET LISTING REQUIREMENTS (Continued)

B1. Analysis of performance (Continued)

During the first quarter of 2016/2017, the Group's travel business registered a segment turnover of US\$20,637,000, a decrease of 22.5% from US\$26,626,000 in the prior year quarter. Segment profit before income tax dropped 46.6% or US\$1,117,000 to US\$1,278,000 when compared with US\$2,395,000 in the same quarter a year ago. The decrease in segment performance was mainly due to a sharp decline in people travelling to Europe after a string of terrorist attacks in the region. The incidents seriously hit the tourism industry in Europe which was one of the main tour destinations of the Group's travel business.

The depreciation of both RM and CAD against the US dollar during the current quarter brought negative currency impact on the Group's revenue and profit before income tax of approximately US\$4,593,000 and US\$867,000 respectively.

Turnover	82,786	70,899	+16.8%
Profit before income tax	7,439	3,311	+124.7%

B2. Variation of results against immediate preceding quarter

The Group's turnover grew 16.8% or US\$11,887,000 to US\$82,786,000 while profit before income tax surged 124.7% to US\$7,439,000 from US\$3,311,000 in the immediate preceding quarter. The increases were attributable to the improved performance of the tour segment in the current quarter and the recognition of an impairment loss on goodwill of US\$1,957,000 in the immediate preceding quarter.

B3. <u>Current year prospects</u>

The Board expects the difficult advertising business environment to continue in the remaining quarters of 2016/2017 in light of the persistent weak consumer and business sentiment in the Group's major markets. Moreover, the increasing safety and security concerns across the globe will continue to weigh on the Group's travel business.

Although newsprint prices are expected to remain stable, we will stay cautious as the Group's overall performance could be adversely impacted by any further depreciation of RM and CAD against the US dollar.

Despite the challenging market conditions, the Group will strive to reinforce its cost-control efforts to achieve operational efficiencies and to diversify its revenue stream to achieve synergistic benefits through business expansion into multiple platforms.

B4. Profit forecast and profit guarantee

The Group has not provided any profit forecast or profit guarantee in any public document.
