The list of Related Parties will be continuously updated and circulated to the Directors and management of the Group, as and when the RRPT's status changes or additional RRPT are included or in any event, at least once a year if there is no change in the RRPT's status;

- (ii) Records of RRPT will be retained and compiled for review by the Audit Committee;
- (iii) The Audit Committee will review all RRPT at each quarterly meeting and will report and make necessary recommendation to the Board. Any member of the Audit Committee may as he deems fit, request for additional information pertaining to the transaction including from independent sources or advisors;
- (iv) The annual internal audit plan shall incorporate a review of all RRPT entered into pursuant to the Proposed Shareholders' Mandate to ensure that the relevant approvals have been obtained and the review procedures in respect of such transactions are adhered to. Any divergence will be reported to the Audit Committee;
- (v) The Board and the Audit Committee shall review the internal audit reports to ascertain that the guidelines and review procedures established to monitor RRPT have been complied with and the review shall be done at every quarter together with the review of quarterly results; and
- (vi) The Board and the Audit Committee have reviewed the above guidelines and procedures, and shall continue to review the procedures as and when required, with the authority to sub-delegate such function to individuals or committees within the Group as they deem appropriate. 2.10 Threshold of authority

There are no specific thresholds for approval of RRPT within the Group. Nevertheless, all RRPT are subject to the approval of appropriate level of authority as determined by senior management and/or the Board from time to time, subject to the provisions in the Listing Requirements, where necessary.

In compliance with Paragraph 10.09(1)(a) of the Listing Requirements, the Group shall immediately announce a RRPT where:

- (i) The consideration, value of the assets, capital outlay or costs of the RRPT is RM1 million or more; or
- (ii) The percentage ratio of such RRPT is 1% or more, whichever is higher.

PART A: LETTER FROM THE BOARD

2.11 Statement by Audit Committee

The Audit Committee has seen and reviewed the procedures as outlined in section 2.8 and 2.9 above and is of the view that:

- (i) the Group has in place adequate procedures and processes to monitor, track and identify RRPT in a timely and orderly manner, and that these procedures and processes are reviewed annually;
- (ii) the procedures are sufficient to ensure that the RRPT of a revenue or trading nature are conducted at arm's length and on normal commercial terms which are consistent with the Group's usual business practices and policies; and
- (iii) on terms not more favourable to the Related Parties than those generally available to the public and are not detrimental to the minority shareholders of the Company.

2.12 Disclosure

Disclosure will be made in the annual report of the Company in accordance with paragraph 3.1.5 of Practice Note 12 of the Listing Requirements, which requires a breakdown of the aggregate value of the RRPT entered into during the financial year based on the following information:

- (i) the type of the RRPT made; and
- (ii) the names of the Related Parties involved in each type of the RRPT made and their relationships with the Company.

The above disclosure will be made in the Company's annual report for each subsequent financial year after the Proposed Shareholders' Mandate has been obtained.

3 RATIONALE AND BENEFITS FOR THE PROPOSED SHAREHOLDERS' MANDATE

The rationale and benefits of the Proposed Shareholders' Mandate to the Group are as follows:

- (i) to facilitate transactions with Related Parties which are in the ordinary course of business of the Group undertaken at arms' length, normal commercial terms and on terms which are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the interests of minority shareholders;
- (ii) to enable the Group to transact with the Related Parties in an expeditious manner to meet business needs for the supply and/or provision of goods and services which are necessary for its day-to-day operations particularly business needs which are time sensitive in nature;

PART A: LETTER FROM THE BOARD

- (iii) for certain transactions where it is vital that confidentiality be maintained, it will not be viable for prior Shareholders' mandate to be obtained as this will entail the release of details of the transactions and may adversely affect the interests of the Group and place the Group at a disadvantage to its competitors who may not require shareholders' mandate to be obtained; and
- (iv) will eliminate the need to announce and convene separate general meetings to seek shareholders' mandate for each transaction and as such, substantially reduce expenses, time and other resources associated with the making of announcements and convening general meetings on an ad hoc basis, improve administrative efficiency considerably and allow financial and manpower resources to be channeled to attain more productive objectives.

This appendix serves as an explanatory statement, as required by the Listing Requirements and the Listing Rules, to provide you with the relevant information for your consideration of the proposal to permit the Company to repurchase Shares up to a maximum of 10% of the total number of the issued Shares (excluding treasury Shares) of the Company as at the date of passing the Share Buy-back Resolution.

1 DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK MANDATE

The Board proposes to seek a renewal of the authority from its Shareholders to purchase up to 10% of the total number of issued Shares as at the date of passing the Share Buy-back Resolution.

As at the Latest Practicable Date, the number of issued Shares of the Company was 1,654,729,641 Shares and the number of Shares repurchased by the Company and held as treasury Shares was 25,929,700 Shares. Subject to the passing of the Share Buy-back Resolution and on the basis that no further Shares are issued or repurchased prior to the forthcoming AGM, the maximum number of Shares which the Company may repurchase is or will be either (i) not more than 10% of the total number of the issued Shares (excluding the Shares repurchased by the Company which were held as treasury Shares) under Rule 10.06(1)(c) of the Listing Rules, or (ii) the Company must not repurchase its own Shares or hold any of its own shares as treasury Shares if it results in the aggregate of the Shares purchased or held exceeding 10% of its total number of issued Shares pursuant to Paragraph 12.09 of the Listing Requirements, whichever that is stricter. In this case, as the stricter Listing Requirements prevail over the Listing Rules, therefore, the maximum number of Shares may be repurchased by the Company is 139,543,264.

The authorisation from the Shareholders for the Share Buy-back Mandate will be effective immediately after the passing of the Share Buy-back Resolution to be tabled at the forthcoming AGM and will continue to be in full force until:

- (a) the conclusion of the next AGM of the Company following the passing of the Share Buy-back Resolution, at which time it will lapse, unless by ordinary resolution passed at that general meeting, the authority is renewed, either unconditionally or subject to conditions;
- (b) the expiration of the period within which the next AGM of the Company is required by applicable laws or the Bye-Laws of the Company (as amended from time to time) to be held; or
- (c) revoked or varied by ordinary resolution passed by the Shareholders in general meeting,

whichever occurs first.

The proposed renewal of Share Buy-back Mandate does not impose an obligation on the Company to purchase its own Shares but, rather, it will allow the Board to exercise the power of the Company to purchase its own Shares at any time within the abovementioned time period.

The actual number of Shares to be purchased, the total amount of funds involved for each purchase and the funding of the purchase will depend on the market conditions and sentiments of the stock market as well as the financial resources of the Company.

If the Company purchases any Shares pursuant to the Share Buy-back Mandate, the purchased shares may be cancelled or retained as treasury Shares or a combination of both. Where the purchased Shares were held as treasury Shares, the Board may: (a) distribute the shares as dividends to shareholders; (b) resell the shares or any of the shares on the market in accordance with the relevant rules of the Bursa Securities; (c) transfer the Shares, or any of the shares for the purposes of or under an employees' share scheme; (d) transfer the Shares; or any of the shares as purchase consideration; (e) cancel the Shares or any of the shares; or (f) deal in such other manner as Bursa Securities and such other relevant authorities may allow from time to time.

To the extent that any treasury Shares are deposited with CCASS pending resale on the HKEX, the Company will adopt appropriate measures to ensure that it does not exercise any shareholders' rights or receive any entitlements which would otherwise be suspended under the applicable laws if those shares were registered in the Company's own name as treasury shares. These measures may include approval by the Board that (i) the Company would not (or would procure its broker not to) give any instructions to HKSCC to vote at general meetings for the treasury shares deposited with CCASS and (ii) in the case of dividends or distributions, the Company will withdraw the treasury shares from CCASS, and either re-register them in its own name as treasury shares or cancel them, in each case before the record date for the dividends or distributions.

The distribution of treasury Shares as share dividends may be applied as a reduction of the retained profits of the Company. The Company will make an immediate announcement(s) to Bursa Securities, HKEX and the relevant authorities in respect of the Board's decision on the treatment of the purchased Shares to comply with the Listing Requirements, Listing Rules and the Act.

In accordance with Section 127(8) of the Act, if such purchase shares were held as treasury shares, it shall not confer:

- (a) the right to attend and vote at meetings and any purported exercise of such right is void; and
- (b) the right to receive dividends and other distribution, whether cash or otherwise, of the Company's assets including any distribution of assets upon winding-up of the Company.

In accordance with Section 127(9) of the Act, if such purchased Shares were held as treasury Shares, the said treasury shares shall not be taken into account in calculating the percentage of shares or a class of shares in the Company for any purposes including, without limiting the generality of the provisions, of any law or requirements of the Constitution or the Listing Requirements on substantial shareholdings, takeovers, notices, the requisitioning of meetings, the quorum for meetings and the result of a vote on resolution(s) at meetings.

Nonetheless, Section 127(11) of the Act states that the purchased Shares shall not be taken to prevent: a) an allotment of purchased Shares as fully paid bonus Shares in respect of the treasury Shares; or b) the subdivision or consolidation of the treasury Shares.

2 FUNDING FOR SHARE BUY-BACK

In repurchasing Shares, the Company may only apply funds which will be legally available for such purpose in accordance with the Company's memorandum of association, the Bye-Laws and the Companies Act 1981 of Bermuda (as amended from time to time). The Companies Act 1981 of Bermuda provides that the amount of capital repayable in connection with a repurchase of Shares may only be paid out of the capital paid up on such Shares or out of the funds of the Company which would otherwise be available for dividend or distribution or out of the proceeds of a new issue of Shares made for the purpose. The Companies Act 1981 of Bermuda further provides that the amount of premium payable on repurchase may only be paid out of the funds of the Company otherwise available for dividend or distribution or out of the Company's share premium account before the Shares are repurchased.

The Board proposes to allocate a maximum amount not exceeding the retained profits and/or share premium account of the Company for the repurchase of Shares pursuant to the Share Buy-back Mandate, subject to compliance with the Act, and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by relevant authorities at the time of the purchase. Based on the latest audited financial statements for the financial year ended 31 March 2025, the retained profits and share premium account of the Company were approximately US\$125,801,000 and US\$54,664,000 respectively.

The repurchase of Shares pursuant to the Share Buy-back Mandate shall be funded from internally generated funds and/or external borrowings, the proportion of which will only be determined later depending on the available internally generated funds, actual number of Shares to be repurchased and other relevant cost factors. In the event the Company decides to use external borrowings, the Company will ensure that it has sufficient financial capability to repay such borrowings and that the external borrowings are not expected to have any adverse effects on the cash flow of the Company.

3 ADVANTAGES/RATIONALE FOR THE SHARE BUY-BACK MANDATE

The Share Buy-back Mandate will enable the Company to utilise its surplus financial resources to repurchase Shares as and when the Board deems fit in the interest of the Shareholders during the proposed mandate period. It may stabilise the supply and demand of Shares traded on HKEX and Bursa Securities and thereby support the fundamental value of the Shares if required.

The Share Buy-back Mandate would effectively reduce the number of Shares carrying voting and participation rights. As such, in arriving at the earning per share of the Company, the earnings of the Company would be divided by a reduced number of Shares. Based on among other things, the current market price of the Shares, Shareholders may enjoy an increase in the value of their investment in the Company arising from the consequent increase in earnings per Share.

4 POTENTIAL DISADVANTAGES OF THE SHARE BUY-BACK MANDATE

The Share Buy-back Mandate is not expected to have any potential material disadvantages to the Group and Shareholders.

The Share Buy-back Mandate, if implemented, would reduce the financial resources of the Group. This may result in the Group having to forego future investment opportunities and/or any income that may be derived from the deposit of such funds in interest bearing instruments. The Share Buy-back Mandate may also result in a reduction of financial resources available for distribution in the form of cash dividends to Shareholders.

Nevertheless, the Board is mindful of the interest of the Company and its shareholders and will be prudent in implementing the Share Buy-back Mandate.

5 EFFECTS OF THE SHARE BUY-BACK MANDATE

5.1 Issued Share Capital

The Share Buy-back Mandate will result in the reduction of the total number of issued share capital of the Company if the Shares repurchased are cancelled. The pro forma effects of the Share Buy-back Mandate on the issued share capital of the Company as at the Latest Practicable Date are illustrated below:

	Number of Shares
Number of issued Shares as at the Latest Practicable Date	1,654,729,641
Treasury Shares as at the Latest Practicable Date	(25,929,700)
Maximum number of Shares which may be repurchased pursuant to the Share Buy-back Mandate	<u>(139,543,264)</u>
Resulting issued Shares upon repurchase and cancellation of maximum number of Shares under the Share Buy-back Mandate (including treasury Shares retained by the Company)	<u><u>1,489,256,677</u></u>

For the avoidance of doubt, if the Shares are repurchased and held in treasury Shares by the Company, there will not be a reduction of the total number of issued share capital of the Company.

5.2 Net Assets (“NA”)

The effects of the Share Buy-back Mandate on the NA of the Company will depend on the purchase price and number of Shares purchased. The Share Buy-back Mandate will reduce the consolidated NA per Share if the purchase price exceeds the consolidated NA per Share at the time of the purchase. Conversely, it would increase the consolidated NA per Share if the purchase price is less than the consolidated NA per Share of the Company at the time of the purchase.

5.3 Earnings

The impact on the earnings of the Company and the Group depends on the purchase prices, the number of Shares purchased and the effective funding cost of the purchase or loss in interest income to the Group. The Shares purchased by the Company may be held as treasury shares or cancelled, hence the net earnings per Share may increase.

5.4 Working Capital

The Share Buy-back Mandate is likely to reduce funds available for working capital purposes of the Group, the quantum depends on the purchase prices and the actual number of Shares repurchased. The cash flow of the Company will be reduced relatively to the number of Shares eventually purchased and the purchase prices of the Shares.

5.5 Dividends

Assuming the proposed Share Buy-back Mandate is implemented in full and the dividend quantum is maintained at historical levels, the proposed Share Buy-back Mandate will have the effect of increasing the dividend rate of the Company as a result of the reduction in the number of issued share capital of the Company.

The Company has declared the following dividend for the financial year ended 31 March 2025:

**Dividend rate US
cents per ordinary
share of HK\$0.1 each**

Interim dividend	US0.10 cent	Paid on 8 July 2025
------------------	-------------	---------------------

5.6 Shareholding of Directors and Substantial Shareholders

None of the Directors nor, to the best of their knowledge having made all reasonable enquiries, their close associates, have any present intention to sell any Shares to the Company under the Share Buy-back Mandate.

No core connected persons (as defined under the Listing Requirements and Listing Rules) have notified the Company that they have a present intention to sell Shares to the Company, or have undertaken not to do so, in the event that the Share Buy-back Mandate is approved by the Shareholders.

APPENDIX IV EXPLANATORY STATEMENT FOR SHARE BUY-BACK MANDATE

In the event that the Share Buy-back Mandate is exercised in full and all the Shares repurchased are cancelled, and on the assumption and that the Company will repurchase Shares from Shareholders other than the Directors and substantial shareholders, the pro forma effects of the Share Buy-back Mandate on the shareholdings of the Directors and substantial shareholders of the Company as at the Latest Practicable Date, are set out as follows:

6 PUBLIC SHAREHOLDINGS SPREAD

As at the Latest Practicable Date, approximately 472,231,570 Shares were held by public shareholders and the public shareholding spread of the Company was approximately 28.99% of the issued share capital of the Company (excluding treasury Shares).

The public shareholding spread would be reduced to approximately 22.34% pursuant to the Share Buy-back Mandate, assuming the Company implements the Share Buy-back Mandate in full and that the Shares purchased are from public shareholders.

In this regard, the Board will exercise the power of the Company to make repurchases pursuant to the Share Buy-back Mandate in accordance with the Listing Requirements, the Listing Rules, and the laws of Bermuda prevailing at the time of the repurchase including compliance with the public shareholding spread requirement under the Listing Requirements and the Listing Rules. As required by the Listing Rules and the Listing Requirements, at least 25% of the Company's total number of issued Shares (excluding treasury Shares) must at all times be held by the public.

The Directors have confirmed that the explanatory statement set out in this circular relating to the Share Buy-back Mandate contains the information required under Rule 10.06(1)(b) of the Listing Rules and that neither the explanatory statement in this appendix nor the proposed Share Buy-back Mandate has any unusual features.

7 IMPLICATIONS RELATING TO THE HONG KONG TAKEOVERS CODE AND MALAYSIAN TAKE-OVERS AND MERGER CODE

As it is not intended for the Share Buy-back Mandate to trigger the obligation to undertake a mandatory general offer under the Hong Kong Takeovers Code or the Malaysian Take-Overs and Merger Code for any of the substantial shareholders and parties acting in concert with them, the Board will ensure that only such number of Shares will be repurchased so that neither the Hong Kong Takeovers Code nor the Malaysian Take-Overs and Merger Code will be triggered. In this connection, the Board is mindful of the requirements when making any repurchase of Shares pursuant to the Share Buy-back Mandate. The Directors are not aware of any consequences which will arise under the Hong Kong Takeovers Code or the Malaysian Take-Overs and Merger Code as a result of any repurchases made under the Share Buy-back Mandate. The Board has reasonable grounds to believe that there is no implication relating to the Hong Kong Takeovers Code or the Malaysian Take-Overs and Merger Code arising from the authority given under the Share Buy-back Mandate.

8 INTERESTS OF DIRECTORS, SUBSTANTIAL SHAREHOLDERS' INTERESTS AND PERSONS CONNECTED TO THEM

Save for the consequential increase in the percentage shareholdings of the Directors and the substantial shareholders as a result of the Share Buy-back Mandate, none of the Directors and/or substantial shareholders of the Company and persons connected to them have any interest, direct or indirect, in the Share Buy-back Mandate.
